Legend Clipper

A powerful clipper for heavy duty applications

Powerful and robust, the Legend ensures exceptional performance under challenging conditions with its durable 150W motor for a fast, professional clip. Engineered for superior handling, the Legend is comparably lightweight for ease of use and features a ventilated head to prevent the blades from getting hot and ensure cool running during long periods of use.

- Powerful 150W motor for clipping multiple animals
- Easy cleaning with a snap-on washable filter
- Intelligent tensioning system to ensure correct cutting pressure
- Integrated overload switch to protect against damage in the event of a jam
- Ventilated head to prevent excess heat and discomfort, whilst keeping hair away from the face of the user
- Rubber noise reduction technology
